

UUFCA RECYCLING FOR SOCIAL JUSTICE

The recycling drop off (and pick up empty bags) is at the far corner of the UUFCO Service Porch side of the church building.

Drop off full bags in or near the black barrel.

Pick up empty bags from the smaller blue container.

FIREFLIES RECYCLING

Please place all recyclable cans and bottles directly in one of the blue bags with the scanning sticker and place in Fireflies recycling barrel.

Follow instructions on blue bags provided:
no trash and no bags within bags.
Limit bags to no more than 20 pounds (half full if bottles).

Thank you from the Fireflies!

Please contact Mark Steinberg if you have any questions: 559-658-1366

Please place all Oregon recyclable cans and bottles directly into one of the empty blue Bottle Drop bags. Each bag has a scantron tag for tracking by the folks at Bottle Drop.

A filled blue Bottle Drop bag with scantron tag. These can be left at this site at the church or taken to a Bottle Drop Recycling center (Bend, Redmond and Sisters all have these centers).

Please do not leave cans or bottles in bags other than the blue Bottle Drop bags. No other materials should be placed in the blue bags. The Bottle Drop folks send curse messages to us if this happens! Also, please no crushed cans and be sure to securely tie the bags.

Monitored by surveillance camera

This is the drop off door outside of the Bottle Drop facility. This is the best place to leave the blue bags if the door area is not too full.

Place the scantron tag up to the scanner at the drop door site. The green light should go on and you will hear a click as the door is unlatched. Open the door and place your bag inside.

If this reception area is too full, you can take your bags to the front entrance and an employee will instruct you where to place the bags. Remember, you are always welcome to leave your bags at UUFCO.

MANY THANKS FOR
YOUR CONTRIBUTIONS!
